Civilizations gather at Atılım!

More than 500 students from 63 countries are in the same campus along with their different cultures and colors.

Social, intellectual and well-equipped individuals feel the pulse of the world...

A university experience full of festivals, national and international activities... 67 student clubs organizing social, cultural and sports activities...

Become a part of global success!

In Top 4 Foundation Universities in THE World University Rankings 2019.
In Top 4 Foundation Universities in THE Young University Rankings,
In Top 4 among foundation universities in THE Emerging Economies Ranking

Atılım calls you to learn, share and live life to the fullest. Choose ATILIM to fly to new horizons with your own wings.
If your dream job is Electrical & Electronics Engineering, our department is ideal for you!

• Electrical and Electronics Engineering, as one of the fastest developing engineering fields of our age, covers a wide range of fields from energy distribution to current communication and information technologies.

• With its dynamic faculty, our department aims to train sophisticated electrical and electronic engineers who have a broad perspective and an open mind.

• If you desire an interdisciplinary engineering education that combines theoretical knowledge with practical experience, our department is ideal for you.

Choose ATILIM for Electrical and Electronics Engineering!

• A modern curriculum in English, the universal language of technology, enriched with equal emphasis on education and research

• A wide range of interdisciplinary elective courses

• Accredited by MUDEK for 5 years

• Supports theory with practice at
  - Electronics and Communication Laboratory
  - Electronic and Digital Design Laboratory
  - Embedded Systems Laboratory
  - RF and Antenna Laboratory and the first Remote Radio Laboratory in Europe

• Opportunity to take part in TAI intern engineering program

• Industry-university connection by means of Cooperative Education Program*

Job Opportunities

• Public and private organizations producing, transferring and marketing electrical and electronic technologies

• Electronic design, maintenance and repair companies

• Technology institutions designing and producing control systems

• Communication systems companies
