**Atılım  
Awaits You!**

### If you have a unique way of interpretation...

- Our bachelor's program teaches creative processes involving the organization of text and visuals in a perceptible and visible plane, in two or three dimensions in order to convey a message, develop an image or visualize an idea.
- The aim of the department is to train in accordance with contemporary graphic design by equipping students with creative ideas and skills; to contribute to society and design world by building a theoretical background and design culture.
- If you place yourself on the junction of fine arts and communication, our department is ideal for you.

### Job Opportunities

- You may work in advertisement sector,
- Written and visual media,
- Art director, illustrator, game and new media application designer, animator, multimedia designer, lithographer, packaging designer, font designer in print houses and TV channels; artist, curator, photographer, web designer, information and orientation designer or visual director in the field of conceptual art.

### Choose ATILIM for Graphic Design!

- The program envisages a multi-faceted communication with people, society and environment
- 4 computer labs accommodating 110 students, 1 photo studio, 1 silkscreen exposure studio and 1 multi-purpose workshop to support theoretical training with practice
- Outstanding achievements in international contests
- Professional experience opportunity with cooperative education program

\*Cooperative Education combines higher education with business life, and by this means, equips students with both academic knowledge and work experience.
