**Atılım
Awaits You!**

If you think you are eager and eligible to interpret national and international economic developments...

- The aim of the department is to educate qualified financiers who will contribute to the creation of a financial structure at the level of contemporary information societies, and understand, consider, interpret and synthesize the field through research and analytic models as well as learning financial, economic, legal, political and sociological subjects within the frame of national and international economic developments.
- The Department offers an interdisciplinary program in order to provide our students with the knowledge and skills that public and private sectors need.
- If you are able to interpret economic issues and associate them with laws and have both qualitative and quantitative skills, our department is ideal for you!

Job Opportunities

- You may work in public institutions,
- Banks,
- Accounting offices,
- Finance or human resources departments of private companies,
- You may also work as an independent accountant and financial advisor after accounting internship.

Choose ATILIM for Public Finance!
