**Atılım  
Awaits You!**

**If you desire to be provided a higher education based on free, creative and systematic thinking...**

- Architecture aims to create safe and function-based venues offering comfortable spaces and providing people with new and rich experiences. Architectural education, which brings many different disciplines together, requires a multi-faceted education process.
- Our department aims to raise qualified architects who are capable of multi-faceted thinking, production and design, sensitive to professional, social and technological developments.
- If you are free-thinker, keen on cooperation and sharing, advocate of individual rights, and desire to adopt international principles of architecture, our department is ideal for you.

#### **Choose ATILIM for Architecture!**

- Multidisciplinary curriculum providing knowledge, reasoning and sense of aesthetic both in theory and practice
- Design studios, classrooms and computer laboratories established to ensure balance between theory and practice with a capacity of 110 students
- Member of European Association for Architectural Education
- Experienced and qualified faculty
- Experience about the expectations and conditions of professional life with compulsory topography, site and architectural internships

#### **Job Opportunities**

- You may work in architectural project offices,
- Construction departments of ministries,
- Municipalities,
- Construction companies,
- Universities,
- Counseling companies, or you may establish your own company.
