Atılım Awaits!

If you wish to shape the fashion sector, start here!

- Textile and Fashion Design aims to educate designers who are able to produce contemporary, creative and original designs for the textile, ready wear and fashion sectors, who evaluate pioneering ideas, and who are knowledgeable about materials and production techniques.
- Our curriculum has been designed in a way that allows our students to develop their personal characteristics and abilities, and put forward creative and original proposals by considering form, color, material, structure and function.
- If you feel that you can contribute to the development of the fashion sector that is becoming a rapidly - developing culture, this department is for you!

Choose ATILIM for Textile and Fashion Design!

- A student - oriented, practice-based and contemporary approach in education,
- A multi - faceted curriculum focusing on students' professional and personal development,
- Sewing and pattern workshops, computer labs and design studios,
- The opportunity to meet designers, manufacturers and clients through fashion shows, exhibitions, and projects,
- Cooperation with the private sector and other universities,
- Erasmus+ partnerships with universities abroad
- The ability to create designs integrated into the sector through computerized design. The opportunity to gain professional experience in the sector via the Cooperative Education Program*,

* Cooperative Education combines higher education with business life, and by this means, equips students with both academic knowledge and work experience.

Job Opportunities for Graduates
