Laboratory Rules and Regulations

- Laboratories will start on 15.03.2021.
- Laboratory practice course will be held via Zoom. You are not allowed to attend a laboratory Zoom session if you happen to be late more than 15 minutes. If you want, you can attend another suitable Zoom session.
- Laboratory zoom sessions will be held every 2 weeks.
- **This semester you will have 6 experiments with 15 points each. Only those who obtain at least 9 points, out of 15, are considered successful. The others will fail in both the laboratory work and the course. If you do not participate in 2 of 6 experiments, you will be immediately fail the laboratory section. Students who fail the physics laboratory course also fail the physics course.**
- After completing your experiment reports, you need to upload them to the relevant part in the laboratory section in the **ATILIM PHYS102 MOODLE PAGE**. The file you upload must be in PDF format with just one PDF file for each experiment. Files in other formats (WORD, ZIP, PNG, etc) will not be accepted by the system. The size of the PDF file you upload should be a maximum of 20 MB. The system will automatically shut down after the deadline given for the experiment. You need to pay attention to the deadline. Late submissions will not be accepted. The materials of the related experiment will be shared on Moodle.
- 2 weeks will be given to complete the experiments.
- You need a scientific calculator during laboratory sessions, during courses and during exams.
- All grades are periodically announced. Objections are to be considered only at laboratory Zoom sessions.
- Detailed rules about the laboratory part will be announced in the zoom session.
- If you have any questions, please contact;
