**NOTES:**

1- \* Summer Practices: First summer practice must be taken from Mechanical Engineering Department and the second summer practice from Civil Engineering Department.

2-\*\*Area Electives: If the students' advisor in the Civil Engineering Department and the department head approves, at most two area electives that are taken from the Mechanical Engineering Department can be considered as equivalent in the Civil Engineering program.

3-Area Electives: If the students' advisor in the Mechanical Engineering Department and the department head approves, at most two area electives that are taken from the Civil Engineering Department can be considered as equivalent in the Mechanical Engineering program.

4-General Electives: General electives are the same for both departments.

5-The courses listed as bold fonts are the ones that should be taken.
