

Please complete the following fields to prepare your thesis progress report. Reports should be provided to members of the Thesis Monitoring Committee (TMC) at least 1 week prior to the TMC meeting. Please be careful that its length should not exceed 7 pages.

I. Summary of Research Progress *(Include an introduction to the research problem being addressed, a description of the experimental approaches and a summary of results. Be explicit about what has been accomplished)*

II. Planned Research for the Coming Meeting *(Include a brief summary of your future studies and a timetable for completion of the thesis)*
